Dear NetSense Participant,

Shortly we will be releasing the final set of surveys from the NetSense Project Research Team. This time there will be three (3) surveys. As before there will be a Demographic Survey and a Network Survey. You will receive emails for each of these surveys with a link through which you can access each survey.

We are asking you to complete one additional survey. As you know, we are collecting data on all the phone numbers that you communicate with through your smartphone. For many of these numbers you have told us a bit about the person associated with the number when filling out the Network Survey. But for some numbers that you frequently communicated with we have no information. For our network research it is critical that we have some information about the people with whom you communicated the most. Therefore we have compiled a list of up to 20 telephone numbers that you have communicated with a good deal. We have created a Google spreadsheet with these numbers that you can access and fill in by answering 5 simple questions about the person associated with each number. Within the next few days you will receive an email through Google with a link to the spreadsheet. Click on that link to access the spreadsheet and fill in the requested information. There are clear instructions at the top of the spreadsheet page on how to do this.

As you can imagine, this is confidential data and for that reason we have taken precautions to insure the security of the information that you will provide. Your name will not appear anywhere in this file, and the numeric name of the file is coded and only we can link it to you. **Furthermore, participation in this survey is entirely voluntary.** If there is a number on the list that you do not want to tell us about, please do not enter any information for that row of the spreadsheet. Also if there are any numbers you do not recognize, just leave the row blank.

We know that this is a busy time of year, so we really appreciate you taking the time in the next week to complete these three surveys. As a token of our appreciation we will email to you a \$5 Amazon Gift Certificate once you have completed the two online surveys.

As always if you have any questions please do not hesitate to contact us.

The NetSense Project Team
